Acumatica
The Cloud ERP

> "The Workforce GO Acumatica Integration is super flexible and efficient. It was able to handle our complex organization structure with multiple Companies/Branches. The ability to summarize various earnings and deduction codes differently and add employee ID numbers to GL postings has helped streamline our reconciliations. The ability to review the GL postings before releasing them is also a nice feature. The entries import into Acumatica automatically, allowing for a quick review and release."

—Matt Stoner, DAKOTA RED / KINGS MATERIAL INC.

Connect Your Processes & Empower Your People

The power of Workforce Go's bidirectional integration with Acumatica ERP provides a seamless blend of functionality and convenience that unites your people, business, and operations management into a single solution that grows with you.

Why Choose Workforce Go & Acumatica?

We believe the best solution not only helps you grow your business but also helps you support and grow your people. With this in mind, Workforce Go & Acumatica integrate seamlessly to offer you and your employees the best experience possible with real-time functionality that brings your people, business operations, and finances together.

Tailor your integration to match your business's unique needs.

We understand that every industry and organization has different priorities and pain points. You can choose only what you need - from the number of EINs and specific cost centers to job costing needs and industry specifications, you build the solution that matches your business's needs.

Top Features & Benefits

Cloud-Based: Benefit from improved operational efficiency and agility that only modern cloud solutions can provide. Cloud-based systems offer the convenience of anywhere access and have the ability to grow with you, effortlessly scaling to fit the needs of your business and people without the need to update hardware.

Data Integration and Automation: Reduce manual effort to save time and focus on what's important by automating data entry and synchronizing essential details like employee information, payroll allocations, and time entries. Enhance your job costing capabilities by seamlessly syncing key data points in real-time to track labor costs accurately.

Real-Time Insights: With advanced analytics and integrated reporting, you can make faster, data-driven decisions that propel your business forward.

Comprehensive Payroll & HR: You can manage, engage, and inspire your workforce from pre-hire to retire with our full suite of tools to help you get the job done efficiently and accurately:

- Payroll
- Recruiting
- Onboarding
- Benefit Management
- Performance Management
- Compensation Management

- Learning Management
- ACA Management
- Time & Attendance
- Leave Management
- Advanced Scheduling

What do our clients say?

"We thought payroll was holding us back from being able to expand...now, we can build the company and grow as we desire..." **Tidal Power Services**

"The ability to seamlessly pull your data without having to write multiple reports was far superior to anything we looked at." **Industrial Project Innovation**

"They were big enough to have the resources and technology that we needed, but small enough we could have the relationships..." **American Meadows**
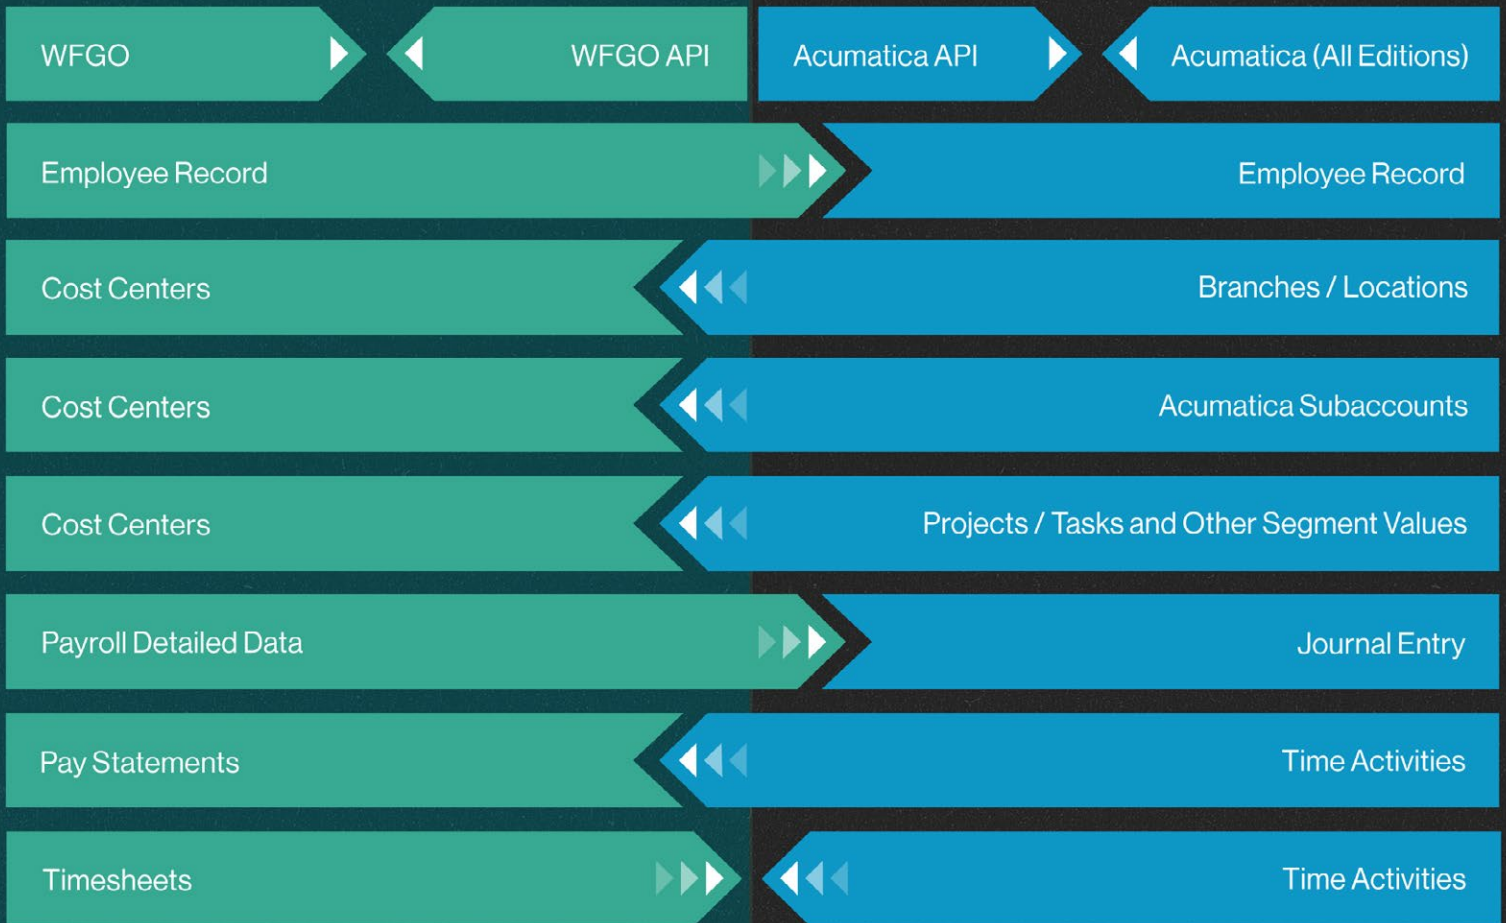

"The integration itself makes our job a lot easier. It's a piece of cake because everything just kind of bleeds over into the other system." **Muddy Water Dredging Solutions**

How does it work?

The seamless integration between Workforce Go & Acumatica provides faster and more accurate processing, more effective forecasting, and no more reporting delays.
